

International

summerschool.chem.ihu.gr

Summer School on

Photovoltaic Systems and Emerging technologies

From mainstream silicon to disruptive organics/perovskites technologies

4-13 July 2022 // Kavala Greece

ECTS Units: 6

Registration deadline: 28 June 2022

Join us now!

Courses Available:

- ▶ **Photovoltaic Technologies**
- ▶ **PV System Application**
- ▶ **Modeling in Energy Engineering**
- ▶ **Techno - Economic Analysis and real case studies**
- ▶ **Hands-on experience**

Laboratory of Alternative Energy Resources - Heat Transfer
Department of Chemistry,
International Hellenic University

- 📍 Agios Loukas, 65404, Kavala, Greece
